

PATINS REFURBISHED COMPUTER PROGRAM

The PATINS Project is the official lead agency in Indiana for the National Cristina Foundation (NCF), a not-for-profit, national donation channel for refurbished computers. Together with NCF, Microsoft, and Aidmatrix, PATINS is ensuring access to computer technology to students who are disabled, at-risk or disadvantaged. All the computer systems we distribute and transfer FREE to eligible Indiana Academic Schools, Administrators, Teachers through an on-line application request. The schools are allowed to transfer and give to students for FREE for educational improvements.

PATINS PROJECT

PROMOTING ACHIEVEMENT THROUGH TECHNOLOGY AND INSTRUCTION FOR ALL STUDENTS

The PATINS PROJECT provides a range of support services for impacting both the organizational capacity and the professional capabilities of Indiana's local educational agencies in serving students with unique learning needs.

These services include:

- Regional Lending Libraries
- Technical Assistance and Training
- Discounted Vendor Pricing on Software and Hardware
- Universal Design for Learning support
- Rapid Fire blog
- Operations at the Indiana Center for Accessible Instructional Materials
- PATINS Refurbished Computer Program

PATINS REFRUBISHED COMPUTER PROGRAM

SERVICES

- ⇒ Create a statewide network for refurbishing technology for education through community partners and corporate donors
- ⇒ Partner with state and national organizations:
 - National Cristina Foundation
 - Techsoup.org
 - Aidmatrix
 - State Salvage Program
- ⇒ Provide access to computer technology, at no cost, to Indiana K-12 public students who are disabled, at risk or disadvantaged
